London's Fashion Retail Academy, which was opened in 2005 with a £20m fund donated by the state, BHS and Arcadia owner Sir Philip Green, has signed up bluQube to provide it with accounting software.

'The Fashion Retail Academy needed to move from an operation based on spreadsheets to a professional automated financial system that would fulfil the needs of a modern specialist training organisation such as ourselves,' said academy deputy Utkal Joshi.

The new system will enable the academy to expand its financial operation from its existing three users to 12 non-financial users, as well as give it options for the future such as e-procurement and integration with the student records system.
